

Report on Foundational Literacy and Numeracy (FLN) Mela

Event: FLN Mela for Classes 1 and 2

Date: 1 November 2025

Venue: Primary Wing Assembly Ground, Army Public School No. 1

Organizers: Students of Class 5

Participants: Students of Classes 1 and 2, Parents, Teachers, Visitors from Cantt Board School

Introductions:

Foundational Literacy and Numeracy (FLN) Mela was organized with the aim to strengthen the foundational skills of reading comprehension and basic mathematics among young learners through engaging and interactive games. The event showcased the creativity and enthusiasm of the Class 5 students who designed and managed various educational game stalls to make learning enjoyable and effective for the younger students

Inauguration and Key Highlights:

The program began with an inauguration by Ms. Ritu Dogra, Principal of Army Public School No. 1. Following the opening speech by a Class 5 student on the importance of FLN in early education, Ms. Dogra enthusiastically visited all the game stalls, participating actively and appreciating the efforts of the student organizers.

Event Activities:

- **Game Stalls:** Each stall was designed to address specific FLN objectives such as improving reading with understanding and solving basic math problems through fun activities.
- **Student Participation:** Class 5 students demonstrated teamwork, creativity, and leadership by managing the mela smoothly.
- **Parent Engagement:** Parents of Classes 1 and 2 attended and expressed their delight at the enthusiasm and confidence of both the organizers and participants.
- **Special Guests:** 55 students along with teachers from Cantt Board School, adopted under the Vidyanjali program, visited and acknowledged the excellent learning environment created by APS No. 1 students.

Feedback and Outcome:

A total of 83 feedback responses from parents and teachers were highly encouraging, emphasizing the success of the FLN Mela in making foundational learning joyful, meaningful, and collaborative.

Conclusion :

The FLN Mela was a commendable initiative that successfully fostered foundational literacy and numeracy skills among young learners. The event ended with a positive and motivating atmosphere, reflecting a strong commitment from the school community toward building robust educational foundations in early years.
